Meridian Recognized as Detroit's No. 1 Fastest-Growing Company

DETROIT July 31, 2017 – Meridian tops Crain's Fast 50: Fastest-Growing Companies list for 2017, for the second year in a row. According to Crain's, the rankings were determined by adding the percentage revenue growth between 2013 and 2016, and the dollar amount of revenue growth.

"We're thrilled to be named the number one fastest growing company. This recognition is a reflection of our commitment to our members and providers," said Jon Cotton, president and COO, Meridian. "We couldn't have imagined this extent of growth when we started out in 1997."

In 2016, Meridian also ranked number one with a growth percentage of 245 percent, with \$977,000,000 in revenue for 2012, and \$3,370,000,000 in 2015. This year's study finds that Meridian profited \$1,170,000,000 in 2013, and \$3,730,000,000 in 2016 with a growth percentage of 219 percent.

"Meridian's growth has been driven by the success of our multiple lines of business, which include our Medicare and Medicaid marketplaces," said Sean Kendall, Senior Vice President of Business Development, Meridian. "We are eager to see our progression in the coming years as well."
